

DESIGNER SWITCHES & OUTLETS BY LEGRAND

Two Collections. Infinite Possibilities.

The adorne® Collection | The radiant® Collection

Elevate your space with exceptional style & innovative functionality.

 **legrand®**

Where stunning form & superior function intertwine.

Available in two distinct Collections, our designer switches & outlets boast sleek, screwless wall plates in a variety of materials, colors and finishes to coordinate with any hardware and perfectly fit your taste. Create your own sanctuary of style and comfort, complete with the perfect finishing touch.

Meet the adorne[®] Collection.

A unique square form factor and our most extensive selection of dazzling wall plates, available in a wide array of colors and materials ranging from soft linens to rich woods.

- Iconic square device shape
- Three neutral device colors work with the entire catalog of designer or custom wall plate options
- Devices sit flush and adjacent within wall plates from single to six gang

Meet the radiant[®] Collection.

Achieving a sophisticated look through smooth lines and chic finishes, the radiant Collection offers a step up from the ordinary with classic colors and eye-catching metallics.

- Rounded edges for a softer profile
- Devices and wall plates available in 9 colors for a coordinated aesthetic
- Devices sit flush and adjacent within wall plates from single to six gang

More than just good looks.

Designer switches and outlets by Legrand will help transform how you live in your home. With a variety of options for simplified control – via apps, voice command, pre-set scheduling, a quick touch or even a wave – as well as solutions with innovative functionality for enhanced comfort and safety, the adorne and radiant Collections deliver added convenience and true peace of mind.

SMART LIGHTING

Take comfort in the convenience of controlling your home's lights from any smart device, to set the exact lighting you need, from anywhere.

Ready for the demands of modern life.

Keeping your home's electronic devices fully charged, powered and ready is easy with the adorne and radiant Collections. Our designer outlets with built-in USB connections remove the need for bulky adapters, easily misplaced chargers or tangled cords. And with a broad offering that includes innovative features like ultra-fast charging and Pop-Out™ access to power, there is a perfect solution for your home's style and needs.

USB OUTLETS

An easy upgrade from any standard plug, in-wall USB outlets install quickly and are available in a variety of options to perfectly fit the charging needs of your home.

SUSTAINABILITY BUILT-IN

Legrand's commitment to sustainability extends throughout our company, from the way we design our products to the way that we run our operations. If you're aiming for a high-performance building certification, like LEED®, Fitwel® or WELL™ certification, our adorne® and radiant® products can help you earn valuable credits or features.

Legrand is a signatory to the Living Products 50, a coalition of manufacturers committed to providing product transparency documentation and to designing and manufacturing products with a lower environmental footprint. Many of Legrand's products feature environmental product declarations (EPDs), product environmental profiles (PEPs), and health product declarations (HPDs).

Our beautiful designs can assist in supporting any design aesthetic, elevating a room experience beyond the ordinary, and can assist in meeting the requirements for found in Fitwel, WELL, and the Living Building Challenge.

For a full list of our available transparency documents and supporting information on how our products can help you meet high performance building requirements, visit www.legrand.us/sustainability.
